ARTICLE 11 RUNNING OF THE EVENT

I) AORC:

Section 1 will consist of 1 lap of the full course. Automobiles will be started at a minimum of 1 minute intervals. Section 2 will consist of 3 laps of the full course. Automobiles will be started at a minimum of 1 minute intervals. At the end of laps 1 and 2 automobiles will have a 20 minute service break. Following the service break, automobiles will enter parc Ferme, and wait to be given an allocated start time for the next lap. The automobiles in parc ferme will be restarted at a minimum of 1 minute intervals in the order it finishes the preceding lap, unless changes to the order are required for safety reasons. The penalty for early or late arrival into parc ferme will be 1 minute for every minute (or part thereof) late. Competitors who fail to report to start a lap on their allocated time will receive a one minute penalty per minute late (or part thereof). It is the Competitors' responsibility to ensure they are ready to commence their lap on the allocated time. The Restart times, and resulting gaps between competitors, will be at the discretion of the Clerk of the Course, with Competitor Safety being the priority.

L) Allowed Time

Each crew will be allowed 120 minutes to complete Section 1, and 120 to complete each lap for Section 2. Any Automobile not completing the full course in each section in the prescribed time will be deemed non-finishers for that section. This allowed time is taken from each Crew's individual start time. The Clerk of the Course reserves the right to stop any crew and prevent their continuation in any section at their sole discretion, should the Clerk of the Course deem it unlikely for that crew to complete the course within the allowed time.
